

DTM-3102 STEM THERMOMETER

The Tecpel DTM-3102 is a LCD Digital Multi-Thermometer which is low in cost and easy to use. With its detachable stainless steel sensor probe it gives you quick and accurate temperature readings.

Features:

- Max/Min (°F/°C) Memory Recalling
- Temperature Unit °F/°C Selectable
- Data Hold/Test Function Selectable
- 1 Sec. Normal Temperature Sensing Time
- Low Battery Indicator
- One Hour Auto Shut Off
- 133mm Stainless Steel Sensor Probe
- Protective Plastic Sleeve With Clip
- Rubber Coated Housing

Specifications:

Measurement range	-30°C to 150°C
Accuracy	
-30°C to 150°C	±1°C
Resolution	0.1°C, 1°C
Sampling range	1/s
General:	
Power requirement	1.5V x G13 size
Dimensions	235x36x20mm
Weight	40g
Accessories	Battery and owners manual
